One of Leo's corn
Fields. . . .

. . . . And it's harvest.

Welcome back to part two of our 3-part series on IRI's work report worldwide. Last week we focused on Chimoio, Mozambique. Since Chimoio is in the central part of Mozambique, I had the opportunity to meet many evangelists from many different denominations as they traveled through the area. One of those evangelists is George Kamanga. George, like Leonard, always works to support not only his family but his ministry for Christ. When I met George, he was working for a Land Mine disposal Company, removing land mines throughout the country of Mozambique. He took advantage of his working throughout the country with his paid job by starting bible studies and churches wherever he happened to be working in the country. I started working with George on ABC thinking about the same time I started working with Leonard. George would teach his wife about ABC over the phone after each class he and I would have. This became a huge developmental tool for him and his wife, not only for their relationship but their ability to work together for Christ.

When the Land mine removal project was over George moved back to Lichinga, Mozambique where he was from and where his family lives. He started a full-time ministry developing Churches and teaching ABC within those churches. He not only works in Lichinga but also in Cobue, Mozambique and several remote villages north to the Tanzania border.

LICHINGA, MOZAMBIQUE

Disciple Coach: Al Corson /Leonard Chiteshi

PROJECTS

Charcoal Business

George has started a Charcoal business to make money to start Churches based on ABC comprehension of the Gospel of Jesus Christ.

Rental houses

George has acquired several rental houses that he now uses the funds from to support his family so he can use his time to serve Christ.

Projects for Christ

George has started 2 Churches in 3 years... He has a unique way of starting the new church bodies.

1. He finds 2 or more pastors that have correct bible training and are willing to move.

2. He and the pastors then find an area that needs a church
3. They then build a small grass hut, approximately 20x20
4. This grass hut becomes a prayer room and he and the Pastors and whomever wants to participate start a 24x7x365 prayer and local relationship building focused on God's will for the area.
5. Over the course of the next year locals are invited to participate in the prayer room activities that include ABC thinking development.

Normally, by the end of that year they now have a group to start a Church with everyone able to interactively participate.

Needs for Lichinga

The motor went out of Georges truck, so he cannot transport his Charcoal to make the money needed to keep his work going. Repairs are \$2500.00 US. Please keep in mind when we are asking for money to help these men in their ministry this is not a continual need, it is seed money, so they can keep their ministries going through their own work. Mozambique is not like America; people in Mozambique live on cash not credit. So, when a major expense comes along borrowing money is NOT an option.

Nampula

IRI has been contacted by a Nigerian mission organization to come to their headquarters to hold an ABC seminar for their missionaries. The administrator of this organization has gone through an ABC seminar in 2011 in Chimoio and is realizing the need for conceptual thinking for not only the nationals to understand who Christ is but missionaries in the organization to develop a relationship with Christ outside of the mission organization.

Nacala

There are 3 pastors in Nacala that went through our ABC seminar in 2011. Because of the seminar their world view has exploded. Our brother in Christ and fellow ABC disciple from South Africa, Jason Jouxson, has been working with the pastors in Nacala for several years since they went through seminar. Jason has worked with these Pastors reiterating the usage of ABC thinking. These men are wanting us to come to Nacala and hold some seminars in the churches and villages.

Zimbabwe

Zimbabwe nationals are coming to Mozambique to our office for teaching of ABC all the time. This has happened so much that we have been asked to come into Zimbabwe and hold seminars. This request came from Zimbabwe pastors. Those Zimbabweans that we have taught in Mozambique have gone back to Zimbabwe and taught. This is how ABC thinking or Biblical style thinking is growing.

MALAWI

One of our disciples, a Dutch lady we taught for 5 weeks in Mozambique, is now in Malawi teaching ABC thinking to the nationals through her job working for an NPO there. She has also taken ABC teaching back to her home country the Netherlands. We hear from her the world view of the people in both Malawi and the Netherlands has been dynamically expanded as has their relationship with God. I might add, this lady was a non-believer when we met. She now has a relationship with Christ and is passing that relationship on.

SOUTH AFRICA

We are working with some Xhosa and Zulu nationals. After a very successful seminar in

2017 we have been invited back to work with the participants of last year's seminar to coach them on translating our ABC material into their languages, so they can present the material to their cultural groups.

We have also created a deep developing relationship with an extremely active church body in south Johannesburg. We had the privilege to share ABC thinking with this church body and continue to be in contact with them.

CONCLUSION

It must be realized this is just the surface of what is really going on in Africa with IRI. What is happening is simple. Mathew 13:23 states it this way. "But that sown on the good ground is this: the one hearing the word and comprehending it: who indeed brings forth and produces fruit: one truly a hundredfold; and one sixty and one thirty." Always remember the good ground being sown is a thought process in tune with the Holy Spirit that only a person can develop and possess. This way the seed, i.e. the kingdom, that is sown will be processed through Biblical style thinking not worldly style thinking. In Mark 4:13, Jesus states about the parable of the sower: "And He said to them, 'Do you not know this parable? And how will you know all parables?'" Romans 12:2 "And be not conformed to this World but be transformed by the renewing of your mind, in order to prove by you what is good and pleasing and perfect will of God."

This is what IRI follows.

Al

Jason Jouxson is our brother in Christ and fellow ABC disciple from South Africa. The following is an excerpt from a short note he sent to Al recently. We want to share so that you may have further insight into the ABC thinking process.

So Al, here is what went on with me on Sunday morning. We, the body of Christ, all have a function. Romans 12:2 talks about renewing the mind. So, as we know, and I will relate this to Africa but is related to the world, people give their hearts to the Lord and in Africa thousands do but that is the start. (And this is where it clicked real big), they need to change there thinking / thought process as IRI teaches. If they do not begin to change the way they think we can just as well say, "you have joined a religion."

They need to be taught that they are now in a new culture, new lifestyle, a different kingdom. Things you did before have to change. The witch doctor does not have the answer. Unfortunately, if they don't get taught, they will not change and just run back and go back to old ways, not changing.

The word says some plant, some water, others harvest. We all play a part and if we don't all start playing a part and changing ourselves then the bride of Christ will take longer to be ready. Yes, the missionary had a big part to play but then again so does the church he came from for not taking the word as it is and applying it. Like a downhill affect.

I stopped to look at what I had been preaching in Moz after we met, and I realize it changed so that I can try to help them see things differently and also practically not just some good talk. Also thankful for the Holy Ghost as when He talks and shows things people sit up and really pay attention and realize something is different here not just another westerner coming thru.

Well I could go on but I know you get the thought process.

Jason Jouxson

- ☑ The doctors decided after further testing that Al would not need the heart valve replacement surgery at this time. However there still was a complication and he will need several weeks/months for recovery. The doctor is pleased with his progress to date. He has been released from his chair and is now able to increase activity as tolerated. He tires easily but is improving. Also Velma's job has been put on hold in order to take on Al's home care recovery. Please continue praying for both of their health concerns and their financial situation. Much thanks for the prayers and donations that have already come in to help with medical cost.
- ☑ Jason is in Chimoio, Moz with Leo through July 1 and then will be in Hong Kong until the end of July. He has moved his things to Mills, WY and will be based out of Mills for now.
- ☑ Al will continue to regain strength and will do some writing while in recovery. He is making plans for the trip to Alaska in late August.
- ☑ Jason and Al are scheduled for two weeks in Sept to do a seminar in Nome, Alaska. They will also be working with the school system in Elim, Alaska following that.
