**JUST A THOUGHT (Part 3)**

Welcome back to part #3 and the final one in the series to give you a full understanding of what IRI is doing and where we have been invited to work. I think you will see how God has led IRI to the places in this world to work with His people that were seeking how to transform from their thinking away from this world. It has been an incredible ride.

### HONG KONG

In 2013 IRI was invited to Hong Kong by Ken Smyth, an American missionary that went to Hong Kong in 1978. We were invited to put on a World View seminar in Hong Kong and then travel with him to the Philippines to put on an Insight seminar and workshop. The success of these seminars is still being experienced today. While in the Philippines with Ken, he suddenly died, and his ministry fell to his wife Linda, and son Scott. IRI has disciples / coached both Linda and Scott, helping them to seek God's will for their part in HIS great work in Fairview Park Christian Church in Hong Kong. Linda now has one of the strongest counseling ministries I have seen, and Scott has taken on the possession of developmental leader of the Fair View Park Church. They are involved in teaching Inductive Bible Study and teaching ABC thinking habits both in Hong Kong and the Philippines. Scott is also working in Northern Myanmar and in the Philippines discipline Pastors in ABC and IBS.

One group of Christian teachers that went through the seminar in 2016 have taken the ABC teaching into main land China. The results are exciting as the Chinese are asking for more.

### Hong Kong future projects

Scott and Linda have requested IRI's help in developing outreach ministries in both Hong Kong and the Philippines. As of 2018 IRI has begun this work. I made a trip to work with Scott and Linda in February and Jason is working with Scott the month of July. The following is an overview of just some of the projects that we will be working on with Scott and Linda over the next few years.

### Hong Kong Outreach developments

1. Outreach to the African refugees in Hong Kong
2. Outreach to the farmers in north central Philippines
3. Outreach to the pastors in Myanmar and possibly Thailand
4. Counseling Church members and non-Church members in a relationship with Christ.

### ALASKA

Alaska has been a blessed relationship for Christ. We went to Alaska in 2012 after Velma came home from Africa still recovering from Cerebral Malaria. We went to Elim, Alaska

to visit our daughter Annette who taught special education there. What started out as a family visit soon turned into a ministry for IRI. We were introduced to the elders of the tribe and were able to interview them. This helped us to understand some of the Alaskan issues that most westerners assume they understand but in reality have no clue as to the true needs of the Alaskan Nationals. This initial trip has now turned into another of IRI's full time ministries. The following is an update as to what IRI is doing in Alaska.

#### Elim

2012 Traveled to Elim, Alaska to meet with tribal elders on invitation

2014 Returned to Elim to present short seminar to interested nationals

- Had great success. Some individuals ask for more
- Al was adopted into the tribe and given the tribal name of Umilic

2017 returned to Elim to put on another seminar

- From doing the seminar we are invited to teach in the school about what we do
- Teaching in the school was so successful IRI has been invited back in 2018 to teach in the school for two weeks.

#### Nome

- Met with Kawerak Cultural Center, a heritage group; they requested another meeting in 2018
- Made a presentation at the Nome Nazarene church; they requested a full seminar in September 2018

#### Fairbanks / North Pole

- At the Nazarene Church North Pole, AK, we did a six-hour overview of ABC thinking.  
(Marie Fitts did three weeks of follow up teaching.)
- A North Pole radio station interviewed Al about IRI and the interview was broadcast over eastern Russia and western Canada.

#### Summary of Alaska

We have been invited to teach ABC thinking in the school system in Elim. The opportunity to work with the heritage group in Nome is a promising door to working with the Bureau of Indian Affairs. The radio station in North pole is wanting us back to interview again. We are scheduled for 2018 in the fall. Also, we will be doing another ABC seminar in Elim based on empowerment and identity in Christ.

In closing, I want to point out IRI has been requested to go to Myanmar, Thailand, Brazil, Mexico, Canada, and several other countries. My point is this. Man's interpretive programs to present the gospel Romans 12:2 transforms very few of those hearing it. Oh, they may change outwardly what they do but, supernaturally we are finding they do not know who God really is. Because God is a concept to man, man must think in concepts to know him. The Supernatural exists. Just look at the creation. But again, to reach this conclusion one must realize the nature of this concept. I want you to read the following and think

about these concepts.

Sin	Good	Transform
Bad	Relationship	Salvation
Supernatural	Natural	Forgive
Future	Eternal	Right
Tangible	Intangible	Nature
Character	Deed	Wrong

What would you say if I told you many Christians I have met in Africa, Philippines, China, and Native Americans, and even many of our American Christians do not have a concept of most, if any, of the words in this list. What if I told you that most people that have lived through any type of suppression develop compartmentalization within their thinking habits and this compartmentalization keeps these victims from fully comprehending the Gospel? What if I told you that many of the Christian leaders in formally suppressed countries think Jesus Christ is alive and living in America? What if I told you that people who are locked into traumatized cultural thinking styles may even have difficulty following a storyline, let alone a movie like the God film? These are some of the things we have learned over the last 8 years.

Mathew 13:1-23—this is the parable of the sower. The 23<sup>rd</sup> verse explains how, if the soil is prepared correctly for the seed of kingdom to grow, the fruit of its spirit will reproduce itself. This is the key to knowing Christ and being a Christian servant. Roman 12:2 says we are to transform our thinking from the world's thinking so we will know what God's will is for us. In John 14, Jesus says "I and the father are one. If you see me, you see the father." Then he says, "no man comes to the father except through me." Therefore, we need to comprehend who we are, so we can confidently develop a relationship with Christ. We can only fully develop that relationship when we understand our relationship with our self and our world around us. This is what IRI is doing around the world.

The old paradigm was simply to preach the gospel. The problem is, few people are comprehending it. Jesus says the path to him is narrow and few will enter. If we cannot comprehend who Christ is then we cannot develop a relationship with him. IRI has gone back to making sure the people we work with have the tools to comprehend who Christ is. One area of this is knowing who the true supernatural is and that would be God. He created everything else to work in the tangible or intangible world. God is often compared to or treated as similar to all the other gods that man has dreamed up, but God alone is the supernatural creator of all things. It is man, through Satan's influence, that has turned to other gods and spirits for help. To compare the supernatural God—the I AM—to a human-built god is not correct. Doing so means transformation is harder to achieve and Syncretism becomes the fruit of our efforts.

IRI is working to change the paradigm to empowering the nationals by giving them the tools to do their own research and teaching—letting the Holy Spirit guide them. Our job is to coach and disciple them with the development of their cognitive thinking habits that sync up with the thinking within the scriptures of the Bible, so they can build a well-constructed understanding of God, themselves, and the world they live in.

You have read the effectiveness of empowering people in Christ. It has been the intent of missionaries throughout history to empower people in Christ, but there is an overall agreement that the fruit of much of the previous work has, at best, produced an assembly line constructed church that has no room for the supernatural because of its legalism. By going to countries, building relationships and bonding with the nationals and their culture with trust, the need for living in foreign countries continually is reduced. Providing continual income to nationals that makes them dependent on us is unnecessary. Seed money needs to supersede subsistence money.

Stay tuned for more great news.

- ☑ Al continues to make progress on his recovery. The doctor remains pleased with his progress to date. He continues to tire easily but is much improved. Velma is still not working at this point, keeping a sharp eye on Al. Please continue praying for both of their health concerns and their financial situation. Much thanks for the prayers and donations that have already come in to help with medical cost.
- ☑ Jason is in Hong Kong with the Smyths through the end of July and then will be headed home to Mills, Wy.
- ☑ Al will continue to regain strength and will do some writing while in recovery. He is making plans for the trip to Alaska in late August.
- ☑ Jason and Al are scheduled for two weeks in Sept to do a seminar in Nome, Alaska. They will also be working with the school system in Elim, Alaska following that.
- ☑ We are very thankful for the gift of the commercial sewing machine and much reduced price for the tractor needed in Moz. Our greatest need concerning these items now is funding to actually ship them to Moz. Your prayers and donations are greatly appreciated. Anything you can do to help will be a special blessing to Leo and the brothers and sisters in Moz.
