## Nichols' Notes

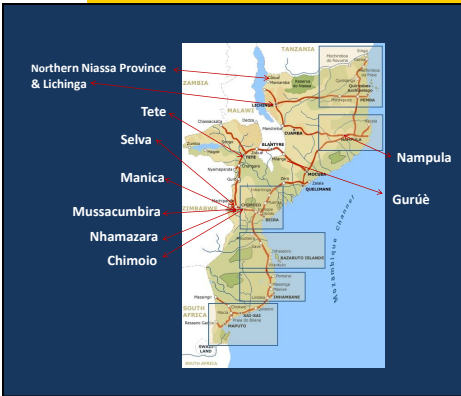

Dear Brothers and Sisters in Christ,

As some of you may already know, we are in the process of sending out farming and manufacturing materials to Mozambique that will serve as the foundation for the financial independence of our Mozambican office. As part of our fundraising efforts for this final project, we are sending out informational letters to as many churches and organizations as possible. We want to ask our long-time supporters to **help spread the word** about this project. If you know any individuals or organizations that might be interested in helping, please let them know, or let us know so we can send them copies of our informational letters. This is the biggest single project we have attempted, and we will need all the help we can get. If successful, then IRI Mozambique is expected to be completely self-sustaining within the next 3-4 years.

Thank you all for your time and efforts. Understand that once this project is completed, IRI will not be finished as an organization. In addition to follow-up ministries in southern Africa (South Africa, and possibly Zimbabwe), we are also making new contacts with tribes and other nonprofit organizations in Alaska, and plan to continue our work in a new area.

God bless and thank you,

*Jason*

### Mission Activities

Jason and Al are now in Nome, Alaska. They plan be in Nome for 2 weeks working with various groups. The third week Jason will continue to work in Nome while Al travels on to Elim. Al will be preaching at the church in Elim on Oct. 7 and will be working with several locals there.

Coveting your prayers and thanking you for your support

Below are a few photos from Al and Jason's present trip to Alaska. Next month we will have a more in depth review of their trip.

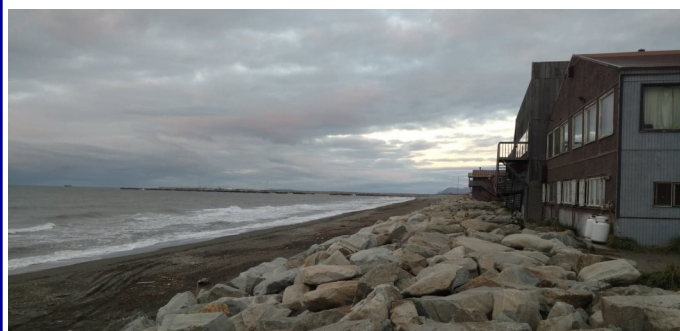

Jason and Al discussing their Alaska trip. (Notice Al's new bread growth. He looks more like the 'old Al' that we remember)

# THANK YOU

Paul perhaps stated it best.... "We ought always to thank God for you brothers and sisters, and rightly so, because your faith is growing more and more." *2 Thessalonians 1:3* We have received the necessary funds to cover Al's medical bills. Thanks to all who have given and who have blessed us so much. Al continues to improve albeit more slowly than he would like. He left Sept 13<sup>th</sup> for his first flight out since his medical issues. He will be in Alaska for approximately 3 weeks. Please keep him in your prayers.

## Days to Remember

April-May 2011 These were the days I was hospitalized in Johannesburg South Africa for Cerebral Malaria. These were the days I was given a new life and began again to learn how to do daily functions, like eating, sitting, walking.

June – Aug 2011 These were the days of rehab- days of exercising, walking with a walker to regain strength, coordination, motor skills and cognitive exercises . God used the medical knowledge of the doctors and staff in Milpark hospital to keep me alive and bring me back, However, the medicines and treatments also have taken its toll. Because many of the treatments and medicines had possible side effects that could create issues in the future, but it was unknown if or when they could develop. We are now seeing some of those side effects. I am having difficulty walking as my knees are giving out. I am presently only able to walk short distances and can only stand for a short period of time. I am scheduled for total knee replacement on both knees on Oct 25, 2018.

Al will be in Casper with me for this procedure, but we **will need help**. I will be out of commission for a time. I will again need to relearn walking with the new knees. We need help with the administration part of IRI. Can you help? Although Al will be here, he will not be able to lift and help me in that way. (In South Africa he worked with me in my recovery 12 hrs a day and did much of the lifting, helping me to stand and begin walking.) This is a critical time as we are striving to raise the funds to complete the tractor project for Mozambique. We will need help with making contacts and keeping things moving with this project.

We do have insurance, but I am uncertain as to how much the insurance will pay if I need in depth therapy and help. So, finances could also be a concern.

Please pray about these things and how you can help.

Velma

- ☑ Jason and Al are working with various group in Nome and Elim for the next couple of weeks. Please pray for their efforts in Alaska.
- ☑ Please pray for Al and Velma's health as they continue to work in His kingdom.
- ☑ We are very thankful for the gift of the commercial sewing machine, tractor and disk needed in Moz. Our greatest need concerning these items now is funding to actually ship them to Moz. Your prayers and donations are greatly appreciated. Anything you can do to help will be a special blessing to Leo and the brothers and sisters in Moz.

## Prayer Partners

### Tractor Update

Due to the size of the donated tractor it could not fit into a shipping container. We were able to trade it in on a more powerful but smaller in size tractor that was shippable. There was, however an additional cost of \$8000 which we need to raise. We are still also raising funds to purchase a container to ship the tractor and of course the cost of shipping. Those two items will cost an additional \$10,000. **Good news:** a double bladed disk, which will eliminate the need for a separate plow, was purchased and donated by one of our supporters. Please be prayful concerning these needs.

The greatest thing that you can do for Insight Resources International is to actively pray. We believe that Prayer is the cornerstone of this ministry and without it we cannot stand against Satan's attacks.
